

FORWARD THINKING.

General Motors continues to invest in technologies that reduce greenhouse gas emissions and lessen the dependence on petroleum. Beyond today's hybrids and alternative fuel solutions, GM is developing game-changing technology with the upcoming Volt plug-in electric car and a test fleet of zero-emissions Hydrogen Fuel Cell Vehicles already on the road.

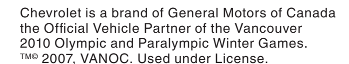

GM also demonstrates its commitment to environmental sustainability by the way it produces this brochure. Research has told us that people like you continue to value printed brochures. So GM prints them on Forest Stewardship Council-certified paper. The goal is to protect wildlife habitat, ensure clean water and to keep forests healthy.

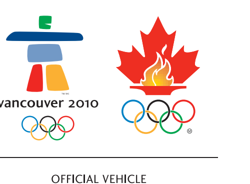

It's just one more way that GM integrates green thinking into every aspect of its activities. Just like you.

For more information about the scope of GM's green initiatives, visit **greenbydesign.gm.ca**

09 COBALT

09 COBALT

You don't let anyone else
make decisions for you. You have
your own set of values and priorities.
So when it comes to choosing
the right car, you want one that
measures up in the ways
that really matter.
Let's go with Cobalt.

IT'S A BLAST – FOR ALL THE RIGHT REASONS.

Driving should be a joy, not a duty. That requires a vehicle to be an extension of your personality – which eliminates all those conventional small cars. What remains is a car that can stir you the same way it stirs up the category – the 2009 Chevrolet Cobalt. It's both fuel efficient and technologically advanced – affordable, yet with a host of premium features. For a highly pragmatic approach to transportation, there's the new Cobalt LS XFE. That stands for Extra Fuel Efficiency, which is exactly what you'll get out of it. If performance is more your thing, get behind the wheel of the new 260 horsepower supercar of the compact class – Cobalt SS. Your requirements are complex. Cobalt's diverse lineup makes it easy to find the right fit. The intelligent choice that's a blast to drive. The 2009 Chevrolet Cobalt.

Cobalt LS XFE Coupe, shown in Rally Yellow with available equipment.

For more information about Cobalt, visit **chevrolet.gm.ca**

LET'S GO
CHEVROLET

CONTROLLED EXCITEMENT.

The excitement comes from the bold styling cues provided by Cobalt LT's new standard 16-in. aluminum wheels. The control refers to the new standard four-wheel anti-lock braking system (ABS). Add in the available four-speed automatic transmission and you also get all-speed traction control. Putting it all in motion is the standard 155 horsepower dual overhead cam 2.2L ECOTEC that's more powerful than either Honda Civic's or Toyota Corolla's standard engine.* There's a lot to get excited about in the 2009 Cobalt LT. That's okay, we know you'll keep your emotions in full control.

*Based on 2008 Model Year data for GM Small Car segment and the latest competitive information available at time of printing.

Cobalt LT Coupe, shown in available Sport Red Tintcoat;
Cobalt LT Sedan, shown in Imperial Blue Metallic.

WRAP YOURSELF IN RED, WHITE AND CHROME.

Tap into your Canadian pride and your enthusiasm for the remarkable achievements of our athletes. At the same time, tap into your desire for a sportier form of driving with Cobalt Team Canada Edition. It is distinguished by exterior features like an available no-charge power sunroof*, Exterior Chrome Package and polished exhaust tip. Inside, it will make the competition blink with features like MP3 playback and a USB port for all your greatest hits, and Bluetooth® connectivity, plus a leather-wrapped steering wheel and transmission shifter. Helping you play it safe in that oh-so-Canadian kind of way are OnStar®** and side-impact head curtain air bags.† Proud of your country and your car – with Cobalt Team Canada Edition.

*When the Team Canada Edition Package is specified, optional power sunroof is available at no charge, see your dealer for details.

**OnStar services require vehicle electrical system (including battery), wireless service and GPS satellite signals to be available and operating for features to function properly. Subscription Service Agreement required. Call 1-888-4ONSTAR (1-888-466-7827) or visit onstar.ca for OnStar's Terms and Conditions, Privacy Statement and details and system limitations.

†A NOTE ON CHILD SAFETY: Always use safety belts and proper child restraints, even in vehicles equipped with air bags. Refer to the vehicle Owner's Manual and child safety seat instructions for more information.

A All Cobalts are equipped with a CD player and an auxiliary audio input jack for your iPod® or other MP3 players. MP3 playback and a new USB port are included in the Team Canada Edition Package.

B Cobalt LT's steering-wheel controls can be used to select the tunes you play through the sound system and available USB port. The USB port also provides an input and controls for your iPod/MP3 player.

A B

Cobalt LT Coupe, shown with Ebony leather-appointed seating surfaces and available equipment.

THE WORD TURBO IS NOT A TYPO.

You read it right, and you've got it right in front of you – your ticket to a phenomenal performance. Introducing the Cobalt SS, powered by a 260 horsepower 2.0L turbocharged ECOTEC Spark Ignition Direct Injection (SIDI) engine. Driver control is equally advanced with Brembo® four-piston front brake calipers, a Performance Handling Suspension, StabiliTrak™ and an available limited slip differential. And the look will fuel your anticipation, with 18-inch forged aluminum wheels, sport fascias and integrated fog lights. Prepare to be exhilarated in the 2009 Cobalt SS.

It's a name that is directly connected with almost every major racing event – the preferred choice in brakes for a performance-oriented ride. And it adds to the stopping power of Cobalt SS – Brembo 4-piston front brake calipers.

Cobalt SS Sedan, shown in Victory Red with available equipment.

YOU DO THE MATH: 260 HP PLUS 260 WATTS.

The 260 hp Cobalt SS is loaded with performance technology. Highlights include a Performance Handling suspension and StabiliTrak electronic stability control system. Enter the cockpit and the performance orientation of Cobalt SS makes its presence felt – a 260-watt seven-speaker Pioneer® premium sound system provides the soundtrack, while you cycle through the gears with the five-speed short-throw transmission. You can keep track of your driving data through the standard turbo boost gauge or the available Performance Display. It all adds up to an out-of-this-world driving experience – in Cobalt SS.

A Cobalt SS interior, shown with two-tone UltraLux™ and Premium cloth front bucket seats embroidered with "SS" logos. Titanium-faced analogue sport gauges are also included on SS models.

B Turbocharging substantially increases the power output of SS models. You can monitor the engine performance using the turbo boost gauge mounted on the A-pillar. It is standard on all SS models. (U.S. instrumenjon shown.)

C You can create your own driving benchmarks with the Performance Display that can track your acceleration split times, as well as a series of engine functions.* The display is available on Cobalt SS Coupe only.
*English language display only. (U.S. instrumentation shown)

A B C

Cobalt SS, shown in Rally Yellow.

SPARK YOUR ENTHUSIASM.

Torn between performance and fuel efficiency? Don't be. Cobalt's ECOTEC engines let you have it both ways. The revised 155 horsepower all-aluminum dual overhead cam 2.2L engine in LS and LT models receives Variable Valve Timing (VVT) that boost both power output and fuel efficiency significantly. In addition, for 2009, there's the Extra Fuel Efficiency Cobalt LS XFE model. It's equipped with the 5-speed manual transmission, with extra fuel efficiency that accrues from a shift indicator light, lower rolling resistance tires and a lower 3.63 final drive ratio. Together these features help Cobalt LS XFE achieve an enviable 5.4 L/100 km highway and 8.0 L/100 km city ratings.* The new 260 horsepower 2.0L turbo features Spark Ignition Direct Injection (SIDI) that allows for a higher compression ratio that squeezes more power out of every drop of fuel – and reduces emissions, particularly during cold weather starts. Which should make you feel warm all over.

*Based on GM Testing in accordance with approved Transport Canada test methods. Your actual fuel consumption may vary.

FUEL EFFICIENCY

A Cobalt LS XFE stands for Extra Fuel Efficiency. And that is precisely what you'll get from the shift indicator light, lower rolling resistance tires and a lower 3.63 final drive ratio.

B In GM testing, Cobalt SS accelerated from 0-96 km/h (60 mph) in 5.6 seconds and completed a quarter mile in 14.1 seconds. On the famed Nürburgring racing circuit, Cobalt SS broke the lap record for its class by more than 13 seconds.

C The 155 hp 2.2L ECOTEC VVT engine is standard on LS and LT models. All Cobalt engines feature long-life spark plugs that are designed to last 166,000 km before replacement** and DEX-COOL™ engine coolant that lasts 5 years or 240,000 km.†

**Maintenance needs vary with use and driving conditions. Please refer to the Owner's Manual for more information.

†Whichever comes first.

INTRODUCING THE [YOUR NAME GOES HERE] MODEL.

Cobalt appeals to your individuality. You can make your Cobalt into one that is yours alone with the addition of Chevrolet Accessories. They not only add style and functionality, they are also the only accessories that are integrated into the process of designing your vehicle, ensuring that they look right and work right on your Cobalt. And only Chevrolet Accessories are backed by the 3-year/60,000 km New Vehicle Limited Warranty.* They can also be included in your new-vehicle finance agreement through GMAC. Ask your dealer for a complete list of the Chevrolet Accessories available for Cobalt, or visit gm.ca

*Whichever comes first, when permanently installed by the dealer at the time you purchase your new vehicle.

Chevrolet Accessories available for Cobalt include:

- Ground Effects Package
- Catback exhaust
- Performance air intake
- High-rise spoiler
- Rally Stripe Package
- Chrome fuel door
- Moulded hood protector
- Chrome Grille Package
- Personal Audio Link (PAL)
- Armrest Packages
- Floor mats.

ACCESSORIES

COBALT MODEL OVERVIEW

COBALT LS COUPE/SEDAN

The Cobalt LS is well equipped with these standard features:

- 155 hp 2.2L ECOTEC I-4 engine
- GM Oil Life Monitoring System
- Extra Fuel Efficiency model – XFE – with a Getrag 5-speed manual transmission employing a shift indicator light, lower rolling resistance tires and a lower 3.63 final drive ratio and XFE badging
- Engineered for flat towing behind an RV
- Speed-sensitive electric power steering
- P195/65R15 low rolling resistance tires
- 15-in. steel wheels with bolt-on wheel covers
- Black, manual adjustable exterior mirrors
- Electronic engine immobilizer
- Dual-stage frontal air bags
- Cloth reclining front bucket seats
- Driver Information Centre
- Tilt adjustable steering column
- Cabin air filtration system
- CD player with auxiliary audio input jack
- 60/40 split-folding rear seatback with trunk pass-through

COBALT LT COUPE/SEDAN

Cobalt LT enhances the LS features with:

- 4-wheel anti-lock braking system (ABS)
- 16-in. machined-face aluminum wheels
- P205/55R16 touring tires
- Remote keyless entry system with Panic feature and content theft system
- Body-colour power exterior mirrors
- Sport cloth reclining front bucket seats
- Air conditioning
- Power windows and door locks
- CD player with MP3 playback
- Front and rear floor mats
- Driver and front-passenger vanity mirrors

TEAM CANADA EDITION PACKAGE COBALT LT COUPE/SEDAN:

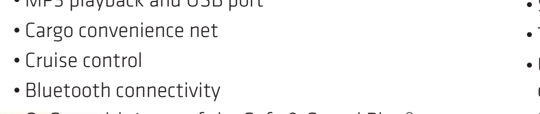

The Team Canada Edition Package adds these appealing features to Cobalt LT:

- Team Canada Edition badging
- Power sunroof
- Chrome Exterior Package
- Fog lights
- Polished exhaust tip
- Body-coloured rear spoiler
- Front-to-rear side head curtain air bags
- Leather-wrapped steering wheel and shifter
- Steering wheel-mounted sound system controls
- MP3 playback and USB port
- Cargo convenience net
- Cruise control
- Bluetooth connectivity
- OnStar with 1 year of the Safe & Sound Plan®

COBALT SS COUPE/SEDAN

The Cobalt SS includes these sporty features:

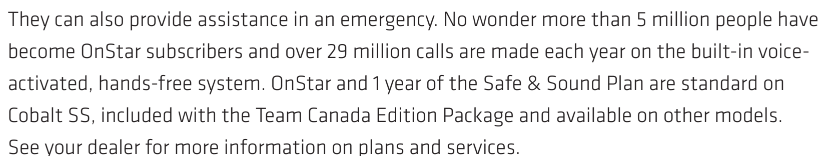

- 260 hp 2.0L SIDI Turbo ECOTEC I-4
- Short-throw 5-speed manual transmission
- Brembo 4-piston front calipers
- 4-wheel disc brakes with ABS
- Performance Handling Suspension
- 18-in. painted forged aluminum wheels
- P225/40R18 summer performance tires
- SS-specific front and rear fascias and lower rocker mouldings and front fog lights
- Low-profile rear spoiler
- 3.5 in. polished exhaust tip
- StabiliTrak electronic stability control system
- Tire pressure monitoring system
- UltraLux™ sheer suede front bucket seats embroidered with "SS" logos
- Front-to-rear side head curtain air bags
- Titanium-faced sport gauges
- A-pillar mounted boost gauge
- Cruise control
- 260-watt premium amplified sound system with 7 Pioneer speakers, including a subwoofer
- Bluetooth connectivity
- OnStar with 1 year of the Safe & Sound Plan

ONSTAR

OnStar® by GM Canada

OnStar* uses advanced communications technology to enhance your safety, security and convenience. OnStar Advisors can provide a wealth of information and perform a variety of diagnostic services. They can also provide assistance in an emergency. No wonder more than 5 million people have become OnStar subscribers and over 29 million calls are made each year on the built-in voice-activated, hands-free system. OnStar and 1 year of the Safe & Sound Plan are standard on Cobalt SS, included with the Team Canada Edition Package and available on other models. See your dealer for more information on plans and services.

* OnStar services require vehicle electrical system (including battery), wireless service and GPS satellite signals to be available and operating for features to function properly. OnStar acts as a link to existing emergency service providers. Subscription Service Agreement required. Call 1-888-4ONSTAR (1-888-466-7827) or visit onstar.ca for OnStar's Terms and Conditions, Privacy Statement and details and system limitations.

XM SATELLITE RADIO

What's convinced more than 9 million people to subscribe to XM Satellite Radio? How about the largest playlist on the planet, with musical genres that span everything from decades to dance, rock to rap and country to classical – broadcasting the most commercial-free music in digital quality sound? Or is it the news, talk, comedy and sports channels – including more than 1000 NHL games – and all available from coast to coast?** Now with 130 channels to enjoy, XM has revolutionized radio as we know it. And you can listen to XM Satellite Radio in your new Cobalt – it's available on all models.

Ask your dealer for more information.

**Available in 10 Canadian provinces and the 48 contiguous United States. Monthly subscription sold separately after 3 trial months.

General Motors of Canada Limited reserves the right to lengthen or shorten the model year for any product, for any reason, or to start and end model years at different times.

A WORD ABOUT ASSEMBLY
GM vehicles are equipped with engines and components produced and assembled by different operating units of General Motors, its subsidiaries and suppliers and these engines and components may change or be obtained from different sources from time to time. All such engines and components are approved for use in GM vehicles. Certain equipment ordered may be unavailable at the time of assembly and we suggest that you verify that your vehicle includes the equipment you ordered, or if there are changes, that they are acceptable to you.

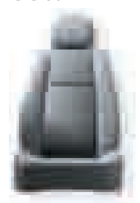

Printed in Canada, August 2008.
